Dear Mr. Kurt Karst

How are you there in Mainz? I'm very happy to hear from you. First of all, I'd like to wish you and your family a very happy and lucky new year in 2019 upon the arrival of the New Year Day and please convey my sincerest regards to all the members of your Association.

This visit to Beijing by the Rheinland-Pfalz State Music Academy delegation headed by yourself personally has built a bridge of music for the youth of both sides to establish friendship and to promote the understanding of each other. The wonderful performance of Chinese and German youth has become the key to connect our hearts crossing the barrier of geography and language. Please allow me to express the heartfelt gratitude to you and all who have made relentless efforts to ensure a successful visit on behalf of BPAFFC and myself.

The meeting between us is just like a meeting between old friends although it's my first time to see you. And I'm proud to have much in common with you to promote the practical exchanges between Beijing and German in various regards. BPAFFC is expecting to have the honor to keep close contact with you and to further enhance the institutional exchanges with you, including the return visit by the student art group of BISU in 2019.

You are sincerely welcome to visit us again in your future visits in Beijing.

All my best wishes,

Tian Yan
Executive Vice President
Beijing People's Association for Friendship with Foreign Countries
